

## “Your Premier Supplier for Sheet Extrusion”

GEM Plastics is proud to introduce **JungleGEM®**, our high-grade HDPE sheet ranging from .200” to 1.5” thick. Our ability to color match and our selection of over 100 colorants in stock, makes **JungleGEM®** the sheet of choice for bright, vivid playground applications.

GEM offers a full array of additives such as UV stabilizer, Anti-Microbial, and Anti-Oxidants. **JungleGEM®** is also available with our foamed core **GEMLite®**. GEMLite® is our lightweight, foamed sheet manufactured to meet ASTM standards.

At GEM, we focus on improving the ease of doing business. That’s why we stock over 2 million pounds of sheet in our new warehouse, operate our own trucks, and are home to the friendliest customer service in the industry.

Let us show you the many ways we can make your product a GEM!

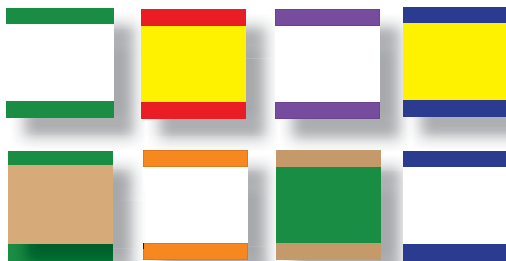

- ✓ Over 100 Colorants In Stock
- ✓ Mono and Co-extruded Sheet
- ✓ Post Consumer Material Available
- ✓ UV & Weather Testing
- ✓ Multiple Texture Choices

## GOING GREEN? WE'VE GONE!

GEM Plastics offers a wide variety of products available in Post-Consumer resins, featuring an impressive ability to get bold, imaginative colors from recycled materials.

We don't just sell "green" we believe in it too. GEM is focused on limiting our carbon footprint by constantly analyzing and improving our processes. Through these ongoing improvements, we are pleased to announce that GEM Plastics is 99.3% WASTE-FREE.
